

Sermon Notes

Seven Great Principles – How to Walk in a Supernatural Life

Introduction:

This sermon, based on Bishop Dag Heward-Mills' teachings and delivered by Pastor Nana Dankwah, outlines seven foundational principles for living a supernatural Christian life. Walking in the supernatural is not reserved for a few but is a promise and inheritance for every believer.

1. After You're Born Again, You Will Experience the Supernatural

Salvation is the gateway into a supernatural life. When you are born again, miracles, transformation, and spiritual encounters begin to characterize your walk with God.

2. You Must Become Fruitful by Being Planted in Christ

Fruitfulness comes by staying rooted in Christ. A planted believer grows, matures, and produces lasting spiritual fruit.

3. You Must Become Fruitful by Receiving the Holy Spirit

The Holy Spirit empowers believers for daily living, ministry, and spiritual productivity. His presence makes the supernatural natural for the believer.

4. You Must Press Your Way into the Supernatural

The supernatural does not come by chance. It takes pressing in—through prayer, faith, obedience, and a relentless pursuit of God.

5. You Must Be Joyful and Thankful to Experience the Supernatural

Gratitude and joy attract God's presence. A joyful, thankful heart creates an atmosphere where miracles happen.

6. You Must Become Fruitful to Show That You Are Not Blind or Forgetful

Spiritual fruitfulness is evidence that you are growing and not neglecting your salvation. It shows spiritual awareness and maturity.

7. You Will Become Established by Valuing Your Salvation

Those who honor and treasure their salvation grow strong and steady in their faith. Salvation is the foundation for a stable supernatural life.

Conclusion:

The supernatural life is God's desire for every believer. By embracing these seven principles—anchored in salvation, the Holy Spirit, spiritual growth, and gratitude—you can walk daily in the power, presence, and miraculous reality of God.
